* Product code refers to overall length of component, i.e. 450mm spike plus 150mm shoe = 600 code.

Installation

Suitable for most ground conditions, simply drive the spike into the ground using the PowaPost® driving tool. The four fin spike is designed for easy insertion with minimal twisting, and secure anchorage into the ground. The Twin Bolt arrangement mechanically tightens around the post allowing easy removal of damaged or rotten posts.
