

Sliding Anchor Systems

A range of heavy duty (welded) and light duty (bent and/or twisted) stems. Available in standard stem lengths, head sizes and hole configurations with other options available on request. This range of products secure cavity walls to overhead structures, whilst accommodating vertical movement. Used in conjunction with one or two way sliding ties (ordered separately).

Product

WTS Welded T Stem

Soffit fixed both sides where fixings can be made directly above. Heavy duty.

Hole size standard 12mm to suit M10 expansion bolts or M10 T head bolt.
